DAN GILCHRIST TO BE PUT ON TRIAL TUESDAY, CHARGED WITH WANN DEATH

Noted Case Will be Tried by Special Term of Lawrence Court.
BROTHER'S CASE IS SET FOR HEARING THURSDAY
Much Interest Displayed in All of North Alabama in the Outcome

The case of the state vs Dan Gilchrist, prominent Courtland man, who, with his brother Garth Gilchrist, is charged with the murder of E. J. Wann, another prominent Courtland citizen, will be called Tuesday morning in the Lawrence Circuit court, with Judge Curtis presiding. The case of Garth Gilchrist is expected to be tried Thursday.

Wann was fatally wounded during an affray on the cotton platform at Courtland two months ago. He was brought to the Benevolent hospital here, where he died. The two Gilchrist brothers, who had been detained following the shooting, were immediately charged with murder. Garth Gilchrist was taken to the Lawrence county jail at Moulton, while Dan was confined to his home, suffering from wounds alleged to have been inflicted by Wann.

When the case was called for preliminary trial before three justices of the peace at Courtland, the Gilchrist brothers waived examination and were remanded to jail without bond.

They were indicted by the special grand jury which has just concluded its sessions at Moulton.

Since the preliminary Percy Wann, son of the deceased, has filed suit for \$50,000 damages against the Gilchrist brothers, the case, on account of the prominence of the principals, has aroused much interest all over North Alabama and has brought together an array of legal talent rarely seen in courts of this section. Solicitor D. C. Almon is being assisted in the prosecution by County Solicitor Sherrod of Lawrence county and Callahan and Harris, of Decatur. The defense is represented by G. O. Chism, of Albany; A. H. Carmichael, of Tusculum; Earle Smith, of Huntsville and W. R. Mitchell, of Florence.

BAPTISTS SWEEP ON TOWARD GOAL

According to Rev. R. F. Stuckey, County Chairman, Morgan County Baptists have contributed \$100,512.40 to the Baptist South Wide campaign for \$75,000,000.00. The following fourteen churches were reported with the amounts pledged opposite their names:

Albany, First Baptist	\$ 7,000.00
Albany Central Baptist	45,022.40
Albany South Side Baptist	7,221.50
Decatur First Baptist	25,000.00
Hartselle First Baptist	9,000.00
Pleasant Hill	2,800.00
Moulton Heights	2,053.50
Cove Springs	800.00
Bellview	535.00
New Center	182.00
Bethel	1,025.00
Macedonia	47.50

Rev. Stuckey stated there were about 12 other churches yet to report.

HUNTSVILLE LOOP OF POWER LINE WILL BE COMPLETED IN TEN DAYS

Linemen "Pitch Their Tents" on This Side of the Tennessee River.

The Huntsville-Albany-Decatur loop of the long transmission line from the Coosa river plant of the Alabama Power company may be completed within ten days. The crew of linemen, which have been at work on the line for several months, have "pitched their tents" on this side of the Tennessee river and are banding every effort to effect an early completion of the temporary towers, upon which the wires will be strung across the river here.

ALLIES AGREE TO MODIFY TERMS MADE TO GERMANY

United States and France Bring Pressure to Bear on England.

(International News Service.)
LONDON, Dec. 8.—A Benar Law, speaking for the government in the House of Commons this afternoon, said there was no reason to doubt that there would be a satisfactory issue to the negotiations now in progress with Germany for immediate ratification of the peace treaty.

(International News Service.)
PARIS, Dec. 8.—Pressure from the United States and France caused England to yield to modifications of reparations terms in the peace treaty protocol, it was learned from an authoritative source today.

After England consented to these drastic measures for the sinking of the interned German war fleet, at Scapa Flow, France and the United States then agreed to eliminate the military coercive clause, it was stated.

The American delegates now believe that Germany will sign the protocol, the cause of their chief objection having been modified.

NEW RULINGS ON POWER USE FAILS TO LIFT BAN HERE

(International News Service.)

BIRMINGHAM, Dec. 8.—All restrictions on the use of electricity for either lights or power in Birmingham and other cities supplied by the Alabama Power company were removed today. Due to the heavy rain falls for the past 48 hours, the Coosa river which supplies the hydro-electric power for the Alabama Power company has risen to such an extent that the plant at Lock 12 is able to furnish all the power needed without calling on the reserve steam plant. Permission had previously received from the regional fuel board at Atlanta as soon as the river furnished sufficient power. Just before it became known that the water power was sufficient the regional fuel board granted authority to remove restrictions in the use of light and power in Birmingham and other cities supplied by the Alabama Power company, provided the coal used at the reserve steam plant came from the mines of the Alabama Power Company and none was bought in the open market. Inasmuch as the Power company uses no coal except that from its own mines, all restrictions for the use of light and power by this company are removed, regardless of the stage of the river.

Manager T. L. Beauchamp, of the local operations of the power company stated that Albany-Decatur would not be affected by the new ruling as the local light plant uses coal purchased on the open market. The restrictions are still in force here.

Plane Crashes Into Crowd; Pilot Held Pending a Probe

(International News Service.)
CHATTANOOGA, Dec. 8.—V. Price Hollingsworth, pilot of an air plane which in trying to land crashed into a crowd here Sunday, killing Mrs. Malissa Myers and Lena Shell, 7-year old child, and injuring a score of others, three probably fatally, was detained by the police today pending a thorough investigation of the accident.

Birdman With a Crow Dismissed From Air Forces

(International News Service.)
WASHINGTON, Dec. 8.—Secretary of the Navy Daniels today approved the finding of a court martial ordering the dismissal of Capt. Edmund Chamberlain from the marine corps. Capt. Chamberlain, who was an aviator, made claims to numerous exploits on the western front and a court martial investigated his claims. Charges of forgery against him were dismissed. Secretary Daniels said there was much circumstantial evidence in favor of Chamberlain, whose home is in San Antonio, Tex.

ALBANY-DECATUR ARE HARD HIT BY CURTAILMENT OF RAILROAD TRAINS

All "Accommodations" on the Louisville and Nashville Are Suspended

FAST TRAINS WILL STOP AT THE SMALLER CITIES

Drastic Fuel Conservation Measures Are Adopted by the Railroads.

Albany and Decatur will be hard hit by the curtailment of train service to conserve the fuel supply of the nation, according to announcement of suspensions by railroad officials today.

The Louisville and Nashville will suspend trains Nos. 6, 5, 5, 6, 16 and 13, announcement made by R. D. Pusey, general passenger agent, stated today. His order follows:

"The following will be suspended: Train No. 6, leaving Albany 4:30 a. m., Decatur 4:40 a. m. for Nashville. Train No. 5 returning, arriving at Decatur 8:30 p. m., Albany 8:50 p. m. Trains Nos. 7 and 8 will stop at local stations formerly served by trains Nos. 5 and 6. Trains Nos. 5 leaving Decatur 3:45 p. m., Albany 3:48 p. m. for Birmingham. Train No. 6 returning, arriving at Albany 10:37, Decatur 10:45 a. m. Trains Nos. 2 and 3 will make local stops at points formerly served by trains Nos. 5 and 6. Train No. 16 leaving Albany 1:05 p. m., Decatur 1:15 p. m. for Lewisburg and Nashville. Train No. 13 arriving Decatur 12:05 p. m., Albany 12:15 p. m. from Lewisburg and Nashville."

Southern Suspends Two
Two trains will be suspended, effective midnight December 9, by the Southern railway, it was announced today by Ticket Agent J. W. Willis. The trains are Nos. 24, due to leave Decatur, eastbound, at 2:55 p. m. and 23, westbound, due to leave Decatur at 3:42 p. m. The suspended trains will not appear on the schedules again until the present coal shortage is relieved, it was stated.

18 PER CENT "MEDICINE" LANDS MERCHANT IN JAIL

(International News Service.)
CANANDAIGUA, N. Y., Dec. 8.—Because he sold medicine which is said to have contained about 18 per cent of alcohol Antonio Rotundo has been sentenced by Judge Fitch here to pay a fine of \$500 and serve three months in jail.

Rotundo, a storekeeper, sold a liquid which is said to have come into popularity because of its alcoholic content since the war-time ban went into effect.

FALL RESOLUTION FOR OPEN RUPTURE WITH MEXICO GETS BLOW FROM WILSON

President Announces That He Opposes Severance of Relations.

LODGE ADMITS THIS "KILLS THE MEASURE"
Contents Himself With Saying That Responsibility is Accepted.

(International News Service.)
WASHINGTON, Dec. 8.—President Wilson does not approve of the Fall resolution providing for breaking off diplomatic relations with Mexico.

In a letter to Senator Fall the President declared that the Fall resolution would be a "reversal of our constitutional practices" and might lead to "a very grave confusion in regard to the guidance of our foreign affairs."

"The President has assumed full responsibility for the Mexican situation," Senator Lodge said. "The responsibility is no longer on our shoulders. There is nothing there for we can do."

Lodge admitted the President's letter had killed the Fall resolution and that no action would be taken on it.

When the President's communication was received by Senator Fall, he went into conference with Senator Brandegee and Senator Lodge in Lodge's office. Lodge intimated he might call the senate foreign relations committee together this afternoon to consider the President's letter. Later it was stated that the committee would do nothing further with the Fall resolution.

TO ENFORCE PEACE

(International News Service.)
WASHINGTON, Dec. 8.—Senator King of Utah this afternoon introduced a resolution authorizing the president to use the military and naval forces of the United States to enforce observance of the peace terms with Germany if necessary. The resolution went to the foreign relations committee.

(International News Service.)
WASHINGTON, Dec. 8.—The supreme court today failed to hand down a decision as to the constitutionality of the war-time prohibition laws.

LIQUOR MEN PRESENT

(International News Service.)
WASHINGTON, Dec. 8.—Representatives of both wet and dry interests gathered here to watch for a decision of the United States supreme court. The representatives of many of the large liquor firms made elaborate preparations for flashing the news so that the wants of the thirsty might be supplied within a short time after the court's decision, if it was favorable to the wets.

BALLEW ELECTED STATE CHAIRMAN

BIRMINGHAM, Dec. 8. (Special)
At a meeting of the executive committee of the Southern Seed Breeds and Botanist Association this morning, Hugh Ballew, of Morgan County, was chosen chairman of the Alabama delegation to the association convention which meets in Little Rock, Ark., Dec. 22 and 23. The other delegates are C. M. Thomas, Mobile County, J. R. Bell, Pike county and A. M. Varor, Baldwin county.

Postoffice Urges Early Mailing of Xmas Parcels

The Postoffice Department has issued a special warning this year asking patrons to mail their Christmas parcels early.
"Mail them early and avoid disappointment," said the statement which was received today by the Albany postoffice. "The coal strike has caused a reduction of train service on some railroads, and further curtailment will doubtless be necessary as the strike continues."
"This condition makes the early mailing of Christmas parcels this year more than usually important."

Loan Sharks Hit By Higher Court

(International News Service.)
WASHINGTON, Dec. 8.—The United States supreme court today held valid the Georgia law fixing the maximum per cent to be charged on loans at 8 per cent. The federal banking law does not nullify the state law. Justices Pitney, Clarke and Brandeis dissented.

PRESIDENT WILSON SUGGESTS BASIS OF AGREEMENT; GRAND JURY IS POSTPONED

Statement Issued From White House Indicates Early Adjustment.

INVESTIGATION MAY BE DISPENSED WITH

Intimated That Court Proceedings Will Stop If Miners Work.

(International News Service.)
WASHINGTON, Dec. 8.—President Wilson hopes for settlement of the coal strike tomorrow.

The following formal statement was issued at the White House today: "It is hoped that on Tuesday afternoon there will be a settlement of the controversy between the miners, the operators and the government, through acceptance by the miners of a definite proposition by President Wilson. The proposition was submitted to Acting President Lewis by Attorney General Palmer on Saturday."

The White House refused to divulge any intimation of the proposition on grounds that it must first be submitted to the executive committee of the miners.

14 PER CENT RAISE

(International News Service.)
WASHINGTON, Dec. 8.—The basis of the proposed settlement of the coal strike, according to reliable statements, is that the miner's union will accept the 14 per cent wage increase suggested by Dr. Garfield and that a permanent consultative board will be established to settle differences in the future. On the other hand, the government will squash the contempt proceedings at Indianapolis and the proposed grand jury probe of the soft coal operators.

Dr. Garfield refused to discuss the plans for adjustment. He indicated, however, that he is familiar with the details of the proposition and that it is not out of line with the proposals which he made to the operators and miners in joint session ten days ago.

"The price of coal will not be increased to the public," was the only comment Dr. Garfield would make on the proposition submitted to the miners by President Wilson.

Mr. Lewis, before leaving Washington yesterday, made this statement to a representative of the I. N. S.: "The attorney general has submitted a proposition for settlement of the coal difficulty which will be presented to the representatives of the miners in conference at Indianapolis Tuesday. I believe that the proposition will result in a settlement. The proposal is in no wise similar to that presented by Dr. Garfield and he is left entirely out of the matter. So far as I know Dr. Garfield will not have anything to do with the settlement."

The operator's committee this afternoon issued a formal statement declaring that their case is in the hands of the government and indicating that they will accept any proposition put forward by the administration.

FIGHT ON GENERAL WOOD STAGED IN SOUTH DAKOTA

Poindexter Manager Says Candidate Can't Sign Declaration of Principles.

(International News Service.)
PIERRE, S. D., Dec. 8.—The first step in the fight against Maj. Gen. Leonard Wood's campaign for the republican nomination for president was taken here today, when A. W. Bryant, political manager of Senator Miles Poindexter, announced that he would file the independent republican petition of Senator Poindexter Tuesday.
"It is reported," Bryant said, "that the petition carrying the name of Maj. Gen. Leonard Wood for president is to be filed without the signature of Gen. Wood to the statement that he will serve if elected, and that he adheres to the principles enunciated in the convention platform. Woodrow Wilson is Leonard Wood's commander-in-chief. We are still at war. The declaration of principles promulgated by the convention provides for reservations to the peace treaty. It seems inconceivable to me that Gen. Wood will sign any such declaration."

CONSERVATION OF VISION AT CHRISTMAS PERIOD

The normal mortal possesses five senses. Quite a number of others have a sixth sense, which in the vernacular is termed a "hunch" and is more loftily referred to as intuition. Of these, the one most highly prized is the sight. If this were not true, the style maker would not be announcing the early return of short skirts and the scientists would not be busy calculating the percentage of impressions that are received through the eye, a percentage that corresponds with the latest enumeration of kickers against the high cost of living. If Solomon had been forced to make a different choice and to have picked out a sense that he would have retained at all cost, had he been destined to lose one of his five or more, he would have selected vision. Any lady's man would. And the whole world would make the same choice should the emergency arise. Fortunately, there is no need of sacrificing any of these treasures and for this reason it is the more incumbent upon their possessors to guard them carefully. At the Christmas season the spirit of the small boy asserts itself and the handy cannon cracker and the sky-rocket are very convenient instruments of destruction. Many

a good eye has been knocked out, or the sight in an eye permanently impaired, by pure carelessness. The result is a long life-time of suffering, a minimized efficiency and the absolute certainty that something has been destroyed that cannot be restored.

Conserve your vision, Mr. Small boy, and Mr. Grown-up as well, and be especially careful during the holiday period.

THE EXPECTED HAPPENS; SPECTATORS THE VICTIMS

The thing that has been daily expected has happened at Chattanooga. Aviators, taking up passengers at so much per, were swamped by the curious crowd while making a start, with the result that two persons were killed and others injured. Press reports indicate that the pilot of the machine acted with unusual coolness, and that he was not to blame for the unfortunate accident. Lack of precautions were to blame. The field was not fenced, nor was there any way to keep the spectators out of the danger zone. Idle curiosity prompted them to see, and this curiosity was responsible for the tragedy. The same thing might have occurred in almost any Southern city. The lesson is that laws governing air navigation must be passed. No statute can prevent a daring citizen from soaring aloft in the balmy blue for the excitement that the pastime affords, but it is possible by legislative enactment to save the hides of the venturesome and to increase the longevity of the innocent by-stander.

STATE PRESS**PAY OF MINERS**

(Columbia Herald.)
Miners and striking, the country is suffering from a partial paralysis of business because it is alleged that their pay is wholly insufficient to pay the cost of living. There has been a good deal of controversy as to the amount that the miners of the country receive, but fortunately the government has a department that is able to furnish accurate information. The department of labor is certainly not an unfriendly witness for labor since the chief is a union miner and its whole activities have been used for several years to promote the interests of organized labor.

According to the unchallenged statement made by Mr. Garfield, the department of labor reports that the average pay of the miners for the past year was a little more than

\$1,500. It is also reported that they averaged working just 250 days during the year. In other words a job of work five days a week paid them an average of \$30 a week. This is \$6.00 a day. They enjoy two full days of rest in every week, certainly not a very exacting task. This pay was based on eight hours labor for forty-eight hours a week.

It is proposed by the government to allow them a fourteen per cent increase in wages or \$220 a year for the average worker. This would bring the average compensation to a little over \$34 a week if they worked 250 days of eight hours a day. Of course if they worked longer hours and more days they would get proportionately more.

MARYLAND STRAW VOTE

19 TO 1 FOR TREATY

(Annoton Star.)

A straw ballot taken in the state of Maryland recently by the Baltimore Sun on the question of ratifying the peace treaty resulted in an overwhelming majority in favor of ratification. Of the total votes polled 11,014 were in favor of the treaty and league of nations and only 689 against them, or a vote of approximately 19 to 1. Seven hundred and ninety-five ballots were cast for the Lodge reservation requiring acceptance of other powers, as against 10,120 opposed to it. On the matter of the moral obligations required of the United States by Article Ten of the league covenant 10,612 voted for acceptance and 717 for rejection. Other issues in the treaty and league were victories of equal magnitude for their supporters.

AMUSEMENTS

GREATEST MOTHER ON THE SCREEN, MASONIC TODAY

Gertrude Berkely, the greatest mother on the screen, will be seen today at the Masonic theatre, in Select Pictures' latest special attraction, "Break the News to Mother," founded on the famous song of the same name by Charles K. Harris.

Miss Berkely's interpretation of mother parts on the screen has won her the sobriquet of the Emma Dunn of the movies. She will be remembered for her justly famous characterization of the mother role in "War Brides." She is also seen in Norma Talmadge's recent Secret Picture "Nancy Lee."

As the mother in "Break the News to Mother," Miss Berkely gives a wonderful portrayal of the mother whose one aim in life was the happiness of her son. The mother heart, with its love, sacrifice, devotion and unceasing care, is revealed to you. Miss Berkely makes you cry with her and smile with her. You are governed, while in the theatre, by the emotions of Gertrude Berkely—the greatest mother on the screen.

GUS HILL'S MINSTRELS

The famous Gus Hill's Minstrels, The famous Gus Hill's Minstrels, now recognized as the best show of its kind now carrying public approval, will be the next attraction at Masonic theatre Friday, Dec. 12. The company is a large one and includes the dean of all black-face comedians, George Wilson. Mr. Wilson has an entirely new monologue this season and is bound to add to his present host of admirers who recognize him as the most popular minstrel now doing Ethiopian comedy. The big show is brand new in every department—new songs, new hits, new jokes, new features, novelties and other ingredients which have made this production the most discussed offering on the road. That inimitable genius of burnt cork frolic and hirth James Gorman has introduced several innovations which are sure to be the talk of the town. There will be a monster street parade and musical demonstration by the company's own band of forty pieces.

NEGRO ARRESTED

Deputy Sheriff George Creel went to Tusculum today to bring back a negro charged with violating the prohibition laws in Morgan county.

The Strong Withstand The Winter Cold Better Than The Weak

Old people who are feeble and younger people who are weak, will be strengthened and enabled to go through the cold weather by taking GROVE'S TASTELESS CHILL TONIC, which is simply IRON and QUININE suspended in syrup. So pleasant even children like it. You can soon feel its strengthening, invigorating effect. Price 90c.

STOMACH O. K.

Indigestion, Acidity, Sourness and Gases ended with "Pape's Diapepsin"

Millions of people know that it is needless to be bothered with indigestion, dyspepsia or a disordered stomach. A few tablets of Pape's Diapepsin neutralize acidity and give relief at once.

When your meals don't fit and you feel uncomfortable, when you belch gases, acids or raise sour, undigested food. When you feel lumps of indigestion pain, heartburn or headache, from acidity, just eat a tablet of Pape's Diapepsin and the stomach distress is gone.

The cost is so little. The benefits so great. You, too, will be a Diapepsin enthusiast afterwards.—Advertisement.

BELL-ANS FOR INDIGESTION

Age-Herald Appeals to Higher Courts

Huddleston Awarded Damages in the Sum of \$30,000 by Jury.

BIRMINGHAM, Dec. 8.—The Birmingham Age-Herald has announced that it will appeal to the higher courts to set aside the \$30,000 verdict granted by a jury at Oneonta late Saturday to Congressman George Huddleston, who had asked for \$1,000,000 damages for alleged libel. The suit grew out of the publication of cartoons during the war period in which the congressman was represented as a Bolshevik because of his opposition to certain of the President's war measures. The verdict was the largest ever granted in the state for libel.

TRUNKFUL OF GEMS LEFT BY WHISKEY SEEKERS

RALEIGH, N. C., Dec. 8.—In a patch of woods two miles outside this city four colored culprits cautiously opened a trunk. All they found in it was about \$80,000 worth of jewelry. So they ran away and left it. John Cook, a bellboy in the Hotel Yarbrough, told the story to the police after a three hours' grilling. He knew travelling salesmen often bring liquor to their customers in the South, and he thought a trunk belonging to A. J. Goode, a New York jewelry salesman, held whiskey.

Two other boys and a chauffeur helped him get the trunk to the woods. A negro farmer found the trunk, for which the police had been searching three days. Few of the gems were missing.

Pale Children Need Gude's Pepto-Mangan

Unnatural for Children to be Pale and Thin—Paleness is Sign of Thin, Watery Blood.

Pepto-Mangan Makes Red Blood Prepared in Liquid and Tablet Form—Both Possess Identical Medicinal Qualities.

It is necessary for boys and girls to laugh, romp, play, and enjoy themselves, for it is at that stage of life that the foundation is laid for future health.

Prompt attention should be given to the child who seldom laughs, whose physical condition prevents playing like the other children, whose appetite is poor, and who tires easily.

If the lassitude is due to poor blood, which is often the case, a simple, safe, and pleasant remedy is within easy reach. Gude's Pepto-Mangan is just the tonic for pale, thin children. Gude's Pepto-Mangan contains the very ingredients that increase and enrich the blood, enabling it to supply the entire body with the sorely needed vigor, strength and vitality that make happy, romping children.

For the convenience of the public Pepto-Mangan is prepared in tablet as well as liquid form. Both forms possess exactly the same medicinal properties.

When you ask the druggist for Pepto-Mangan, look for the name "Gude's" on the package. If it is not there it is not Pepto-Mangan.—Advertisement.

THOUGHT

The wise man must be wise before, not after, the event.—Epicharmus.

He is the freeman whom the truth makes free,
And all are slaves besides.—Cowper.

That which before us lies in daily life is the prime wisdom.—Milton.

And Satan trembles when he sees
The weakest saint upon his knees.—Cowper.

HAIL—AND FAREWELL!

(By John Oxenham.)
They died that we might live—
Hail!—and Farewell!
—All honor give
To those who, nobly striving, nobly fell,
That we might live!

That we might live they died—
Hail!—and Farewell!
—Their courage tried,
By every mean device of treacherous hate,
Like kings they died.

Eternal honor give—
Hail!—and Farewell!
—To those who died,
In that full splendor of heroic pride,
That we might live!

WHOLE SYSTEM
RUN-DOWN

Quick Improvement Is Noted After A Few Doses of ZIRON Iron Tonic.

Increase in appetite, the coming back of strength, disappearance of headaches and other ills, are a few of the many good results obtained from the use of a new remedy (Ziron Iron Tonic).

Mr. Sim Grimsley, of Cordale, Ga., tried Ziron and has this to say: "When I began to take Ziron, it seemed that my whole system was run-down, but soon after I began to take Ziron, I could eat more each day and would feel a great deal better. Ever since it seems that my health has been improving, as I seldom have the headache or feel bad the least bit."

Ziron is a new scientific combination of pure medicinal inorganic iron, combined with phosphorus, the active principle of nux vomica and the hypophosphites of lime and soda. It will help to add more red corpuscles to your blood, resulting in more color in your cheeks—more vitality in your system.

Try Ziron today; on the money-back guarantee.

"DRECO HAS DONE
THE WORK FOR ME"

Mobile Citizen Now Has More Energy, Vim and Vigor. Relieved of Stomach Trouble, Sluggish Liver, Constipation and Head Catarrh.

When one complains of indigestion, dyspepsia, gas on the stomach, bad breath, bad taste in the mouth, bloating, palpitation of the heart or who have yellow, bloated and pimply skins; who are afflicted with dizziness, spots before the eyes, depressed in spirits, dull, timid, or who complain of headaches, pains in the back or limbs, who are nervous or irritable, can rely on it that they will get immediate relief in the use of the new herbal remedy Dreco, which is being so highly praised by prominent persons in this state.

"For years I have had a sluggish liver; spots danced before my eyes; I had dizzy spells and headaches; was constipated and had pains in my back just over my kidneys. I have taken several bottles of Dreco, and in addition to being entirely relieved of the mentioned troubles I have gained in weight and feel better than in years. My nerves are steady; I sleep well and never have that tired sluggish feeling. Dreco did the work for me," says Mr. H. L. Skaats, the popular L. & N. man who resides at 202 South Royal Street, Mobile, Ala. Dreco is made from the juices of many herbal plants which act on the vital organs in a most pleasing manner and restores their full healthy action.

All progressive druggists now sell Dreco and it is highly recommended in Albany by the Albany Drug Co., and in Decatur by Hilda Drug Co.—Advertisement.

GRAND JURY ADJOURNED
(International News Service.)
INDIANAPOLIS, Dec. 8.—The federal grand jury subpoenaed to investigate activities of coal operators and miners will not meet until 10 o'clock tomorrow morning.

Announcement of the postponement of the convening of the federal jurors was made at 10 o'clock this morning, the hour at which the jury was to have been empaneled by District Attorney Plack. It will be determined tomorrow whether the jury will be empaneled to proceed with the investigation. Mr. Plack announced.

The grand jurors who had gathered at the federal building for the investigation, which was scheduled to begin today, were instructed to be ready for duty tomorrow, should it be decided that the jury be empaneled. Official circles were reticent as to what connection there may be between the postponement of the jury session and the conference of union leaders here tomorrow to act upon President Wilson's wage proposal.

Attorney General Palmer and assistant attorney general Ames reached here this afternoon. On the same train were John L. Lewis and William Green of the miner's union.

DOCTORS FIND
REMEDY FOR
COLDS AND FLU

CALOTABS, THE NEW NAUSEA-LESS CALOMEL TABLETS, CUT SHORT COLDS AND MAY PREVENT FLU BY KEEPING LIVER ACTIVE.

Physicians have learned from experience, during the epidemic of influenza, that one of the most important factors in the prevention of flu and pneumonia is to keep the liver active so that the digestive organs may be in perfect working order and the system thereby enabled to throw off colds, check sore throats, and resist serious complications. For this purpose they have found that the new, nausealess calomel tablets called Calotabs, are far more effective even than the old style calomel, which was formerly the universal favorite, as Calotabs do not weaken the patient, nor interfere with the appetite and digestion.

At the first sign of a cold or sore throat, doctors recommend one Calotab at bed time with a swallow of water—that's all. No salts, no nausea, nor the slightest interference with your diet, pleasure, or work. Next morning you wake up feeling fine, your liver is active, and your appetite is keen for a good breakfast.

For your protection Calotabs are sold only in original sealed packages, price thirty-five cents. All druggists recommend and guarantee Calotabs. Your money back if you are not delighted with them.—Advertisement.

5,000,000 CHILDREN
HAVE DEFECTIVE EYES

(International News Service.)
NEW YORK, Dec. 8.—Approximately 75 per cent of the 16,000,000 of the school children in the United States have health defects, and where health work, with attention to vision, has not been inaugurated, up to 35 per cent or 6,000,000 to 7,000,000 have eye defects.

This statement was made by Dr. Thomas D. Wood, of Columbia, at the annual meeting of the National Committee for the Prevention of Blindness.

RAPS THE BRITISH
FOREIGN METHOD

DR. SETON-WATSON SAYS SECRET TREATIES PROVE MOST EMBARRASSING.

By FLOYD MacGRIFF,
International News Service Staff Correspondent.

LONDON, Dec. 6.—England's method of conducting foreign affairs whereby far-reaching decisions and engagements may be made without the knowledge of either the whole British Cabinet or any reference to Parliament is under attack.

Dr. Robert W. Seton-Watson, authority on international politics and one of Britain's ardent propagandists during the war, has called for action to remedy this situation in the latest issue of "New Europe." He declares:

1. England is not a self-governing nation in respect to foreign affairs.
2. Britain's secret treaties which are now causing this country so much embarrassment were made without the knowledge or consent of Parliament.

"One of the first duties of Parliament is to assert itself in the field of foreign relations," he contends "and to insist upon the formation of a properly constituted foreign affairs committee, analogous to those which work so successfully in the American Senate and the French Chamber of Deputies."

"The secret treaties are the one real blot upon our conduct of the war. They are also the source of almost all our present embarrassments alike on the Adriatic and the Bosphorus and in Albania, Syria and Asia Minor."

"It is certainly something that under the wholesome influence of America the British Government should have published the text of the French Guarantee Treaty and of the somewhat ambiguous treaty with Persia and should have submitted these treaties for ratification by Parliament."

"But neither in actual practice nor in constitutional theory is there anything to prevent ministers to reverting at any moment to the old basis. Public opinion is fitful in its action, and the League of Nations as yet remains a paper covenant. And, meanwhile, the Crown's prerogative has its foreign affairs, as in much else, become little better than a legal fiction behind which two, or at most a tiny group of ministers, are free to make immensely important decisions almost unobserved and without any sustained or authorized attempt to control their actions."

Dr. Seton-Watson remarks that Lord Grey, now British Ambassador at Washington, actually had Great Britain committed to the world war before Parliament had been consulted.

PROMINENT MEN TESTIFY

Jasper, Ala.—"For ten or twelve years I was almost a skeleton, caused by indigestion, dysentery and catarrh of the stomach. Dr. Pierce advised me to take 'Golden Medical Discovery' so I commenced taking it and took seven bottles. When I began, I weighed 115 pounds and could sit up only a little while at a time. By the time I had taken two bottles I could work a little and weighed 130 pounds. I continued its use and was as well as ever. I am very grateful for the good I have derived from the use of this remedy."

"It is the only medicine I have ever taken that did me any good."—Jno. H. ROBINSON, R. F. D. No. 5.

Birmingham, Ala.—"I can highly recommend Dr. Pierce's Golden Medical Discovery. I have taken it as a blood purifier and as a 'spring tonic' and it was very beneficial to me. It not only built me up in health but drove all the impurities out of my system, purified my blood and did it in the right way. My general health was always better after taking 'Golden Medical Discovery.'"—GEORGE A. PALMER, 4006 Ave. E.

Montgomery, Ala.—"In the year 1910 I was sick enough to die and had been sick for five years. I went to different doctors but they did not reach my complaint. One doctor said I had gall trouble and would have to be operated upon, but before I decided to have the operation I wrote to Dr. Pierce's Invaluable Hotel, at Buffalo, N. Y. Upon Dr. Pierce's advice I bought a bottle of 'Golden Medical Discovery,' took it up, and felt like a new man. I bought two more and it cured me. I have been a well man ever since."—W. H. WOMAN CROOK BOLDER THAN MAN

By A CRIME EXPERT.
Written for the International News Service.

LONDON, Dec. 4.—Whose are the master minds behind the astounding epidemic of crime which has recently startled London? Jewel robberies and fur thefts on an unexampled scale have been reported to Scotland Yard during the last three or four weeks, and the smartest minds of the Criminal Investigation Department are baffled by the facility and ease with which successive coups have been accomplished. It is women who are playing an important role in connection with these unenviable mysteries of the West End. The ultra-fashionable woman thief has come into her kingdom, and Scotland Yard is becoming more and more mystified at the extraordinary success which attends her daily enterprises.

The war infused a new spirit of adventure, daring and resourcefulness into the woman crook, and things which in former times she hesitated to attempt are now mere commonplace in her daily life. She has ceased to be the pawn of erstwhile criminals, and today she plays a living part in the baffling mystery dramas which are now and again brought to light in London.

What manner of creatures is the woman crook of Mayfair? She is not the petty pickpocket, the purse snatcher, of whom one reads in police court reports; on the contrary, she is a cultivated, accomplished, travelled adventurer, a woman of affairs, who dreams no dreams, but deals in hard facts. You would never guess these women adventurers for what they are.

Take a peep with me into one of the many fashionable Mayfair flats, where live the genuine women of fashion—and the spurious. A well-gowned woman is sitting on a comfortable sofa warming her silk-clad feet before a fire. The walls of the room are hung with fine old prints,

the brocade curtains, the carpets, the lacquer writing desk, all savor of the refined, cultured society woman. And the woman herself. To look at her you would think she was sitting there planning a dinner party or a week-end visit. As a matter of fact she is working out in that quick brain of hers the details of one of the most daring jewel robberies ever foisted on a great city.

A knock at the door. A man servant ushers in a well-groomed young man, and retires. The two sit chatting comfortably together on the sofa for all the world like brother and sister. By and by the woman rises, adjusts her cloak, which the man holds out for her, and rings a bell. "My car." Down the steps, past the silent footman, into the glittering landaulette, and—off into the whirl of traffic. Where are they bound? Maybe to a some West End restaurant, perhaps to the dark alleys and streets of Limehouse Chinatown.

These women work outwardly alone. In reality they harbor a host of underlings, bogus cab drivers, street hawkers, navvies, footmen—men who know the underworld as well as you or I know ourselves.

They watch the doings of the big thieves and the little, the master crook and the petty purse snatcher and bring their reports daily to the master brain. Hence your crackswoman is always posted with details—she knows who is planning for robberies, and who has eyes on diamonds who would filch motor cars, and who will receive the stolen goods. She knows. That is the great point, and those whom she watches realize this to the full. Blatant is a nancy weapon to the woman with the master mind. She has but to command and it is hers. If it is refused? Well there is that little matter of the theft of a pearl necklace.

Now even the most astute investigator of Scotland Yard is at times aware of the superwoman crook, for she trades under a variety of aliases, while her manner of living disarms suspicion.

SCHOOL GIRLS WON'T SIT

BESIDE SKUNK HUNTERS

(International News Service.)
NASHVILLE, Ind., Dec. 8.—Either the pupils of the public school here will have to give up skunk hunting or they will have to change clothes before they return to school after a profitable skunk chase.

It all started when girls attending the school complained to the teacher when compelled to sit close to the mighty skunk hunters.

The skunk hunters are standing firm, declaring they will not forfeit the profits of the chase.

The girls are also standing firm, declaring they will not attend school unless something is done with the hunters.

The School Board has taken the matter under advisement and a decision is expected within the next day or so.

A man's
best pal
is his smoke.

"Knew we'd get together"

—Ches. Field

HERE'S where the particular smoker
meets the particular smoke—Chesterfield.

Particular is right! Not only do we use the four choicest varieties of Turkish tobacco—Xanthi, Cavalla, Smyrna and Sam-soun—but to these we add the rich, sun-ripened leaves of specially choice Domestic tobacco.

Fine as these tobaccos are, it's the exclusive process by which they are blended that gives to Chesterfields that satisfying body, that mellow richness which makes a smoke mean something.

Chesterfields certainly do satisfy as no other cigarette has satisfied you before—and to top it off, they are packed in a glassine paper package that preserves for you all of that delicious flavor.
